I've used UBER several times and being a single female I feel much safer using UBER than any other ride sharing company. My brother is an UBER driver in the upstate and helped provide for his family by driving for this company. He informed me of UBER's hiring process which is the reason that I feel safer using them.

Please continue to let UBER do business in SC. We are behind in so many things in the US, don't let this be one more thing on the list.

Subject: SC needs Uber!

Uber has set the standard for consumer safety in the Palmetto State. All uberX rides are insured up to \$1,000,000, which is 20x the \$50,000 required of taxis in the state, and all drivers on the uberX platform must pass background checks at the county, state, and federal level before they are able to drive on the Uber platform. Their commitment to safety exceeds the current state requirements, which is why I am incredibly surprised and disappointed by the actions of the PSC.

Removing ridesharing from South Carolina harms the tens of thousands of riders who rely on the Uber platform for safe, low-cost rides.

Sincerely,

Anna S.

Uber is too affordable and reliable to shut down. Every taxi in my city is clueless how to get anywhere after taking 30 minutes - 1 hour + to arrive. Uber is there in 5 minutes with a picture of my driver with their name, car model, and most importantly license plate number in case things get sketchy.

Keep uber in SC. I need to get home cheaply and safely after long nights drinking or working.

Sincerely,
Uber Rider

To whom it may concern, I am a huge Uber fan. We live on Sullivan's and Uber to downtown and back all the time! It's safe, fast, and very reliable!!! Please keep Uber in our town!
